RELEASE AGREEMENT

The Alaska Native Knowledge Network (ANKN) is designed to serve as a resource for compiling and exchanging information related to Alaska Native knowledge systems and ways of knowing. It has been established to assist Native people, government agencies, educators and the general public in gaining access to the knowledge base that Alaska Natives have acquired through cumulative experience over millennia. In an effort to achieve this, ANKN makes recordings and other gathered material available to researchers, writers, scholars, and the interested public via printed media as well as the Internet.
